příklad:

SERVICES AND PUBLIC TRANSPORT

What services can you use at a post office?

I have to go to the post office from time to time. I usually go there to send a letter or get a parcel I ordered online. The post office is sometimes crowded, especially in the afternoons, and people have to wait in the queue, that's why I hate it. And what else? I think you can also send or receive money if you want to use post services.
