### The origin of crisps

*Crisps have been great favourites with many of us 1 \_\_\_\_\_ years. Who 2 \_\_\_\_\_ enjoy nibbling thin round pieces of fried potatoes in front of the TV or as a snack to go with a drink at a party? One would think that such a popular food was born from an idea that came to one of the top chefs of America at a moment of great inspiration, but the truth is quite different.*

One day in 1853 in a restaurant a choosy customer complained to the waitress 3 \_\_\_\_\_ the quality of the chips, saying that they were 4 \_\_\_\_\_ thick and oily. When the cook heard about this, he became very angry. He made some paper-thin slices of potatoes, fried them until they were brown and 5 \_\_\_\_\_ a rather generous of salt. Finally, he 6 \_\_\_\_\_ his crisps to the dissatisfied customer in person and literally dumped them in front of him. The customer tried one, liked the taste, and went on to eat 7 \_\_\_\_\_ all. Today, according 8 \_\_\_\_\_ statistics, an American eats an average of six pounds of crisps each year.
