# ANGLIČTINA 8. ROČNÍK

## My favourite animal

**Klíčová slova:** my favourite animal, plakát, zvířata a jejich popis a vlastnosti, doplňování slov

**Mgr., Bc. Alena Kovářová**

**Anotace:**

Tento plakát slouží učiteli jako názorný příklad pro projekt žáků o jejich oblíbeném zvířeti. Vhodné k látce "Animals", "Pets" nebo "Zoo".

Každý žák si vybere své zvíře, o kterém bude psát. Má papír A4 s vytištěným nebo vlastnoručně namalovaným zvířetem a k němu si vše potřebné přepisuje. Učitel probírá všechny vlastnosti, části těla, barvy atd. zvířete, odkud pochází a čím se živí, zda je domácí nebo divoké. Žáci si vybírají pro ně vhodná slovíčka a tvoří věty. Ostatní slovíčka pro ostatní zvířata si píší do sešitu. Je vhodné po ukončení cvičení všechny práce odprezentovat a vyvěsit ve třídě.

Na poslední stránce je možné vyzkoušet slovní zásobu pomocí doplňovačky.

Základní otázky pro práci na plakátě:

What is its name?

How does it look like? (big, small, tall...)

What body parts does it have? (trunk, tusks, claws...)

What colours does it have?

What are its features? (fast, clever...)

Where does it come from?

What does it eat and drink?

Where does it sleep?

Is it protected/dangerous?

Where can you see it?

What can it do? (swim, learn, talk...)

Why do you like it?

atd.

# Parrot

My animal is called parrot. It is a bird. It has red, green, blue, black and white colour.

My parrot has small yellow eyes and very big beak. Its beak is very sharp and it has black and white colour. It is very beautiful animal. It is bigger than normal birds. It has two yellow feet with very sharp claws.

It is a wild animal, but we can see it also in the ZOO in cages. Normally it comes from South Africa and I think, it is protected animal.

My parrot eats fruits, leaves and also meat. It eats everything and it drinks water.

My animal sleeps in trees.

It can learn very well. It is very clever animal.

It can make loud noises

too.

I love this animal because it is very cute, colourful, happy and clever.

# My animal

My animal is called .....

It is a ..... (bird, mammal, reptile etc).
