INSTRUCTIONS FOR TEACHERS:

⇒ The following questions are connected with the video:

[ATTACK ON THE WORLD TRADE CENTER 10 YEARS LATER](#)

(If you don't have enough time, it is better to skip the beginning which deals with the construction of the WTC => start watching the video by 2:40)

⇒ Before watching the video, discuss what do the students know about the 11th September 2001. Discuss students' age at those time.

⇒ *Probably it is better to read about the event first (find my handout about 11th September 2001: available on www.dumy.cz and read about it with your students).*

⇒ Start watching video by 2:40. Stop the video in the exact time written bellow and ask the questions and let your students ask you the questions. They will probably have many questions to ask.

QUESTIONS:

September 11th started out _____. like every other day

⇒ Stop video at 4:07 and ask the following question:

What did Amy (flight 11) report by the telephone? (**Possible answer:** *That they were hijacked.*)

⇒ Stop video at 5:15 and ask the following question:

What happened? What did you see? Please describe the situation.

⇒ Stop video at 6:50 and discuss the following questions:

Imagine it is 11th September 2001 and you live in NY and you are there. What would you think about the incident (after the first crash)? Is it coincidence or purpose? Why do you think so?

Imagine you are a NY fire-fighter. Would you go inside the building to rescue people? Why/why not?

⇒ Stop video at 7:25 and discuss the following questions:

Again, imagine it is 11th September 2001 and you live in NY and you are there. What would you think about the incident now (when the second plane crashed the second building)? Is it coincidence or purpose? Why would you think so?

If you were NY fire-fighter, would you go there now after the second crash?

⇒ **Stop video at 8:53 and discuss the following questions:**

How would you rescue these people who are above the point of impact? Is there any possible way of rescue?

What did these people do?

⇒ **Stop video at 13:08 and discuss the following question:**

The first building collapsed and the dust was everywhere. Again, imagine you are NY fire-fighter – what would you do now after the collapse? Would you still stay in the second building and tried to rescue people?

⇒ **Stop video at 14:30 and discuss the following question:**

The second building collapsed too. How would you feel if you were American?

⇒ **Stop video at 16:31 and discuss the following questions:**

What did Joe Casaliggi say?

What was the biggest thing the rescuers found?

⇒ **Stop video at 16:31 and discuss the following questions:**

Who was the man who spoke as the last one in the video? (Answer: Bush)

What did he say? (**Possible answer:** *we'll respond with the best of America. The USA will hunt down and punish those responsible for these cowardly acts.*)

⇒ **NOW IT IS TIME FOR CLASS DISCUSSION. ANSWER ANY QUESTION STUDENTS ASK YOU 😊**
