Anatomy 2 - Senses

1. Before you watch the videos, try to answer the questions.

How many senses do we have? _____

Can you name some of them?

Which organs do we use?

2. Now watch the video and check your ideas.

<http://www.youtube.com/watch?v=z7pi9kv1dj0>

3. Watch the video again and answer the questions?

How can crickets hear? They can hear _____

Can earthworms see? No, they _____

How can bees taste? They can taste with _____

Which sense tells you that pizza is too hot? _____

Which sense tells you that cookies are baking? _____

Which sense tells you the icecream is yummy? _____

Which sense tells you your friend is too loud? _____

Which sense tells you the colours of rainbow? _____

4. Translate into your language:

Take your time to use your senses.

Surfaces can be rough or smooth, cold or warm, wet or dry.

Food can be sweet, sour, salty, bitter.

You can hear quiet and loud music.

5. Listen to the song by Alan Jackson. Fill the gaps in chorus part:

<http://www.karaoketexty.cz/texty-pisni/jackson-alan/listen-to-your-senses-334298>

Cause I can _____ me loving you forever

I can _____ my arms around your life

I can _____ your lips against my memory

_____ to your senses what they have to say.

Which sense he didn't mention? _____

6. If the people can't see they are _____(BIDNL).
If the people can't hear, they are _____(DFAE).
If the people can't speak, they are _____(DBUM).
They need our help!!!!

7. There are a few unpleasant diseases and accidents that you can suffer from.
Finish the sentences by matching the following two parts:

If you eat ten hamburgers, you will have	a cold.
If you have a temperature, you sneeze and cough, you've got	a stomachache.
If you fall down and can't walk, you probably have	a toothache.
If you drink frozen drinks, next day you'll have	a cut finger.
If your tooth is bad and hurts, you have got	the flu.
If you work with a sharp knife, watch ou, or you could have	a broken leg.
If the weather is frosty, you can catch	a sore throat. ¹

8. You can touch with your hands, feet and in fact by all your skin.
Describe the main parts of hand and foot:
(fingers, toes, nail, palm, wrist, ankle, heel)

Key - Anatomy 2 - Senses

1. Before you watch the videos, try to answer the questions.
