

Číslo materiálu: VY 32 INOVACE 25/19

Název materiálu: Test - Anatomy 3 – 5

Číslo projektu: CZ.1.07/1.4.00/21.1486

Zpracoval: Jana Jourová

Test – Anatomy 3 – 5

1. Answer the questions:

Cardiovascular system

Which is the most important muscle in our body?

How do we call the fluid that circulates in our body:

How do we call the system which moves nutrients, gases and wastes to and from cells?

2. Fill the table:

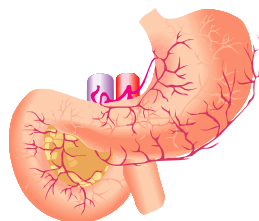

Healthy diet – protein and calcium, carbohydrates, minerals and vitamins, sugar

50%	
30%	
18%	
2%	

3. Name some parts of digestive system:

M

S

I

L

4. Tastes

Translate into your language:

Sweet – _____

Sour – _____

Salt – _____

Bitter – _____

5. Choose the right word:

We are born with the preference for (sweet/sour/bitter) taste.

Religion can influence our eating habits. (Hindus/Muslims/Christians) don't eat pork.

There are also (cultural/religious/medical) reasons for not eating particular food, for example allergies.

6. Which is your favorite food?

Which food do you hate and why?

Have you ever tasted insects, worms or other strange food?

KEY - Test – Anatomy 3 – 5

1. Answer the questions:

Cardiovascular system

Which is the most important muscle in our body?

Heart.
