INVESTICE DO ROZVOJE VZDĚLÁVÁNÍ

Anotace:

Pracovní list je určen k procvičení užití minulého přičestí sloves být a jít, a to v předpřítomném čase prostém. Žáci doplňují výrazy “been” a “gone” do vět, a rozlišují tak významový rozdíl mezi těmito slovesy. Žáci si tak uvědomují nejen lexikální a gramatický význam, ale především sémantický rozdíl v užití této dvojice sloves, která bývají v různém kontextu často zaměňována.
